## Travel Plan Initiatives

We strive to promote a wide range of travel options for our hotel guests and clients and offer a choice of transportation to our hotel and for onward travel.

In partnership with Transport for London we have designed a workplace travel plan which aims to increase car sharing, cycling, walking and public transport use, and sustainable travel options.

Our workplace travel plan is part of an overall strategy towards our commitment to Responsible Business. We are accredited with a SILVER award for environmental practice by the Green Tourism Business Scheme and our current achievements include:

- Pro-active Hotel Green Team.
- Accurate measurement, recording and reduction strategy for energy, waste & water.
- Low energy light bulbs throughout the hotel.
- In-house bottling system for meetings & events.
- Recycled paper, eco-friendly pens & recycling bins widely available.
- We work with suppliers, contractors and agency partners who comply with responsible & environmental working practices.
- Wide range of Organic and Fairtrade products in our bedrooms & Food & Beverage outlets.
- Commitment to local and international charity fundraising through Marjory Kinnon School, Harlington Hospice and World Childhood Foundation.

## By Bike

We actively promote travel to Park Inn by bicycle and have shower and changing facilities available as well as secure cycle stands.
